

# Meta-Analysis Software

This page is under construction. Want to contribute? [Contact us](#).

Different software applications are able to perform a meta-analysis (Muka et al., 2020).

## STATA

The “metan” command in STATA is a simple way to perform a meta-analysis: [Meta-analysis in Stata](#)

## R

The meta-analysis package “meta” in R is a free way to perform meta-analyses. [Meta package](#)

## RevMan

Review Manager (RevMan) was developed by the Cochrane Collaboration. [RevMan](#)

## Excel

MetaEasy is an add-in for Microsoft Excel that automates many meta-analysis processes and provides support for the task. [Meta-analysis download for Excel](#)
