

Sustainability

Purpose

As a fully remote company, delivering a cloud-based service, Nested Knowledge reduces CO2 emissions by eliminating commutes, utilities, office space, and paper use.

Sustainability Practices

- We eliminate the need for excess print documents by enabling users to collaborate on research online.
- We use cloud-based, electronic methods to distribute software and documentation to reduce our consumption of natural resources.
- We employ online communication tools to limit road and air miles traveled.
- We purchase virtual professional services, supporting other remote service providers.

Commitment

We are committed to maintaining and improving our sustainability practices, and leading our users to adopt paper-free, global, collaborative, cloud-based literature reviews.
