

AutoLit Home

Any nest that you create, as well as any nest that is shared with you or your organization, will be listed on your AutoLit Home page. This should be the access point for building and editing nests in Nested Knowledge!

Navigate to AutoLit Home

To navigate to AutoLit Home, go to the [Nested Knowledge homepage](#)

From there, once you have [Signed In](#), you should see an AutoLit button in the upper right. This will be durable throughout any page in AutoLit.

Alternatively, enter <https://nested-knowledge.com/gather> in your browser.

Manage Nests

Once on AutoLit Home, your primary activity will be to access and organize nests.

Create & Access Nests

- To learn how to **create a nest**, see [here](#).
- To learn how to use our Demo nests to practice, see [here](#).

Organize Nests

- To organize nests, use our [AutoLit Folders feature](#).
- If you are an Organizational Admin or Owner, you can additionally organize nests your Organization has access to from the [Manage Organizations page](#).
