

AutoLit Home

Any nest that you create, as well as any nest that is shared with you or your organization, will be listed on your AutoLit Home page. This should be the access point for building and editing nests in Nested Knowledge!

Navigate to AutoLit Home

To navigate to AutoLit Home, go to the [Nested Knowledge homepage](#)

From there, once you have [Signed In](#), you should see an AutoLit button in the upper right. This will be durable throughout any page in AutoLit.

Alternatively, enter <https://nested-knowledge.com/gather> in your browser.

Manage Nests

Once on AutoLit Home, your primary activity will be to access and organize nests.

Create & Access Nests

- To learn how to **create a nest**, see [here](#).
- To learn how to **use our Demo nests** to practice, see [here](#).
- To access an existing nest, select it from the list of nests in AutoLit Home, which orders nests by most recent access and which provides nest names, owners, numbers of records, and access date information:

Organize Nests

- To **organize nests**, use our [AutoLit Folders](#) feature.
- If you are an **Organizational Admin or Owner**, you can additionally organize nests your Organization has access to from the [Manage Organizations](#) page.

Additional Pages

From AutoLit Home, you can directly access:

- **Feature Requests:** Select the Feature Requests button in the bottom right, which will direct you to our public feature-suggestion and bug-report page.
- **Support:** Select the Support button in the bottom right, which will direct you to a page with multiple options to contact our Support Team.
