

AutoLit Folders

You can organize your various nests into folder in AutoLit. This is convenient if you have many concurrent projects with different clients. To create the folders, follow these instructions.

Selection:

Select the projects you want to put in a folder in AutoLit and hover over “My Nests.” Click on “New Folder.”

WELCOME TO

AutoLit

Create or select a nest to search, screen, tag, and extract data from studies for a specific review.
