What our customers say:

I love that the NK technology uses a cloud-based platform, where multiple people can contribute to and view all parts of the lit review without the need to email documents back and forth and things getting lost in the shuffle.

Dr. Jilienne Touchette, PhD
CEO, Superior Medical Experts

I came into my first training session and the first thing that stuck out to me was how user-friendly the software is. Within a 10-15 minute span of training, I was able to pick up the platform and felt comfortable enough to get my feet wet and jump in.

Dr. Gautam Adusumilli, MD
Stanford Neurosurgery Resident

Bringing Systematic Review to Life

Create and share your clinical review on the Internet

[Sign Up and Start Creating](#)
[View Living Review Demo](#)

First review is free • No credit card required

Trusted by thousands of researchers around the world:

2. Select a login method

When you hit Continue, a new tab will open:

The image displays two screenshots of the Nested Knowledge sign-up process. The left screenshot shows a 'Sign Up' form with fields for First Name (Jade), Last Name (T), and a checkbox for terms of service. The right screenshot shows a 'Welcome' screen with fields for Email address and Password, a 'Continue' button, and a 'Continue with Google' option.

You have two options when creating an account:

A) Sign Up by Creating an Account: To sign up without using GMail/Google credentials, enter your email address and a password then Continue.

B) Sign Up with Google: If you would like to use your GMail/Google credentials to log into Nested Knowledge, select the “Continue with Google” option and follow the instructions.

3. Continue to AutoLit

After completeing the Sign Up process, you will be signed in and redirected back to the Nested knowledge homepage. To access AutoLit, where all your projects will be stored, click the “AutoLit” button in the top right corner next to your name.

Trusted by thousands of researchers around the world:

You can also go to <https://nested-knowledge.com/gather> to access AutoLit.

4. Select or Create a Nest

From the [AutoLit Homepage](#), you can either select a current Nest to edit or [Create a new project](#).

Steps to Log into an Existing Account:

1. Go to the Nested Knowledge homepage

If you have previously created your account, simply go to nested-knowledge.com and sign in using the button at the top right corner.

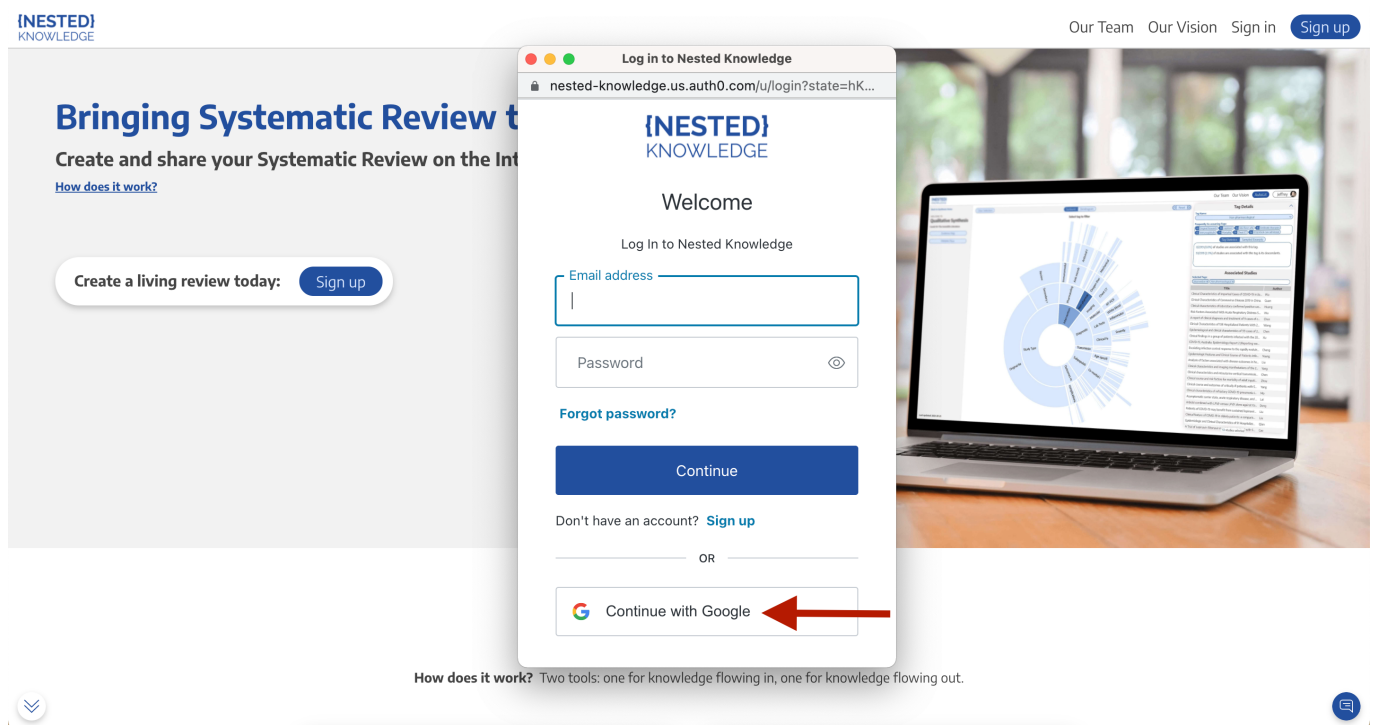

AutoLit + Synthesis

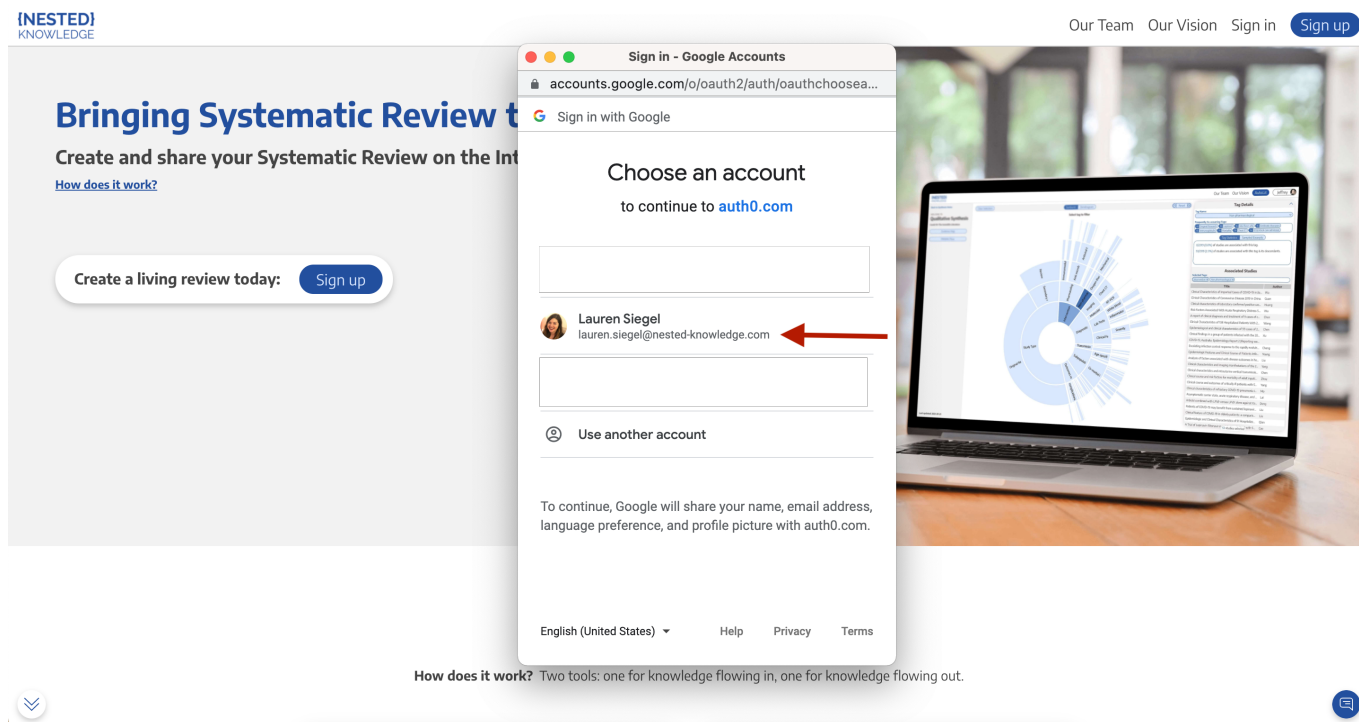

How does it work? Two tools: one for knowledge flowing in, one for knowledge flowing out.

Select method of sign-in:

- If you signed up using your Google/GMail credentials, Click “Continue with Google”
- If you signed up using credentials you entered yourself, enter your email and password and click “Continue”

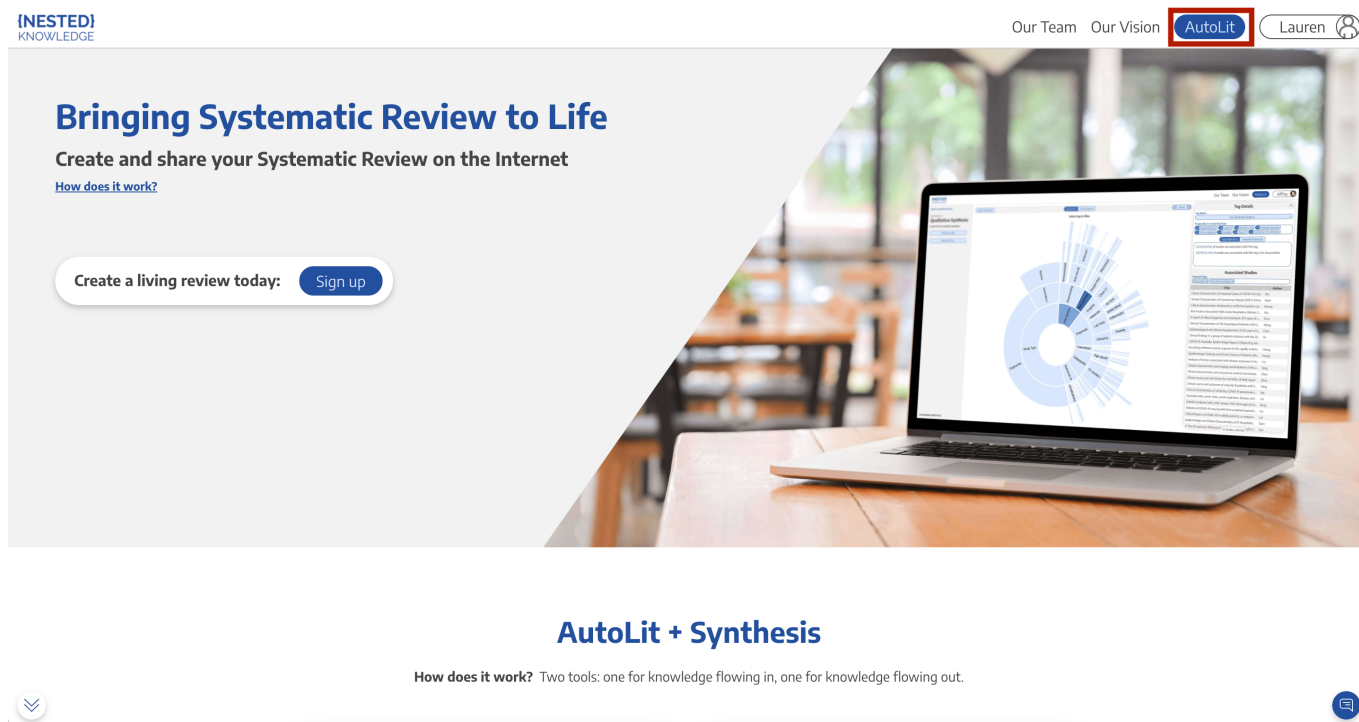

Choose the account you used to create your NK account.

Once you have selected your account, the page will automatically sign you in.

2. Navigate to AutoLit

Next to your name, click the “AutoLit” button

You can also go to <https://nested-knowledge.com/gather> to access AutoLit.
