

Sign in or Sign Up

Steps to Create an Account:

1. Go to the Nested Knowledge homepage

Go to nested-knowledge.com and click the Sign Up in the top right corner.

2. Select a login method

When you hit Continue, a new tab will open:

The image displays two screenshots of the Nested Knowledge sign-up process. The left screenshot shows a 'Sign Up' form with fields for First Name (Jade), Last Name (T), and a checkbox for 'I accept the terms of service'. Below the form is a 'Continue' button and a note 'First review is free • No credit card required'. At the bottom, there is a link 'Already have an account?' with a 'Log In' button. The right screenshot shows a browser window titled 'Sign up | Nested Knowledge - Google Chrome' with the URL 'nested-knowledge.us.auth0.com/u/signup?state=hKFo2...'. The page displays the 'NESTED KNOWLEDGE' logo, a 'Welcome' message, and instructions to 'Sign Up to Nested Knowledge to continue to Nested Knowledge.' It features input fields for 'Email address' and 'Password', a 'Continue' button, a link 'Already have an account? Log in', and a 'Continue with Google' button with the Google logo.

You have two options when creating an account:

A) Sign Up by Creating an Account: To sign up without using GMail/Google credentials, enter your email address and a password then Continue.

B) Sign Up with Google: If you would like to use your GMail/Google credentials to log into Nested Knowledge, select the "Continue with Google" option and follow the instructions.

3. Continue to AutoLit

After completeing the Sign Up process, you will be signed in and redirected back to the Nested

knowledge homepage. To access AutoLit, where all your projects will be stored, click the “AutoLit” button in the top right corner next to your name.

You can also go to <https://nested-knowledge.com/gather> to access AutoLit.

4. Select or Create a Nest

From the [AutoLit Homepage](#), you can either select a current Nest to edit or [Create a new project](#).

Steps to Log into an Existing Account:

1. Go to the Nested Knowledge homepage

If you have previously created your account, simply go to nested-knowledge.com and sign in using the button at the top right corner.

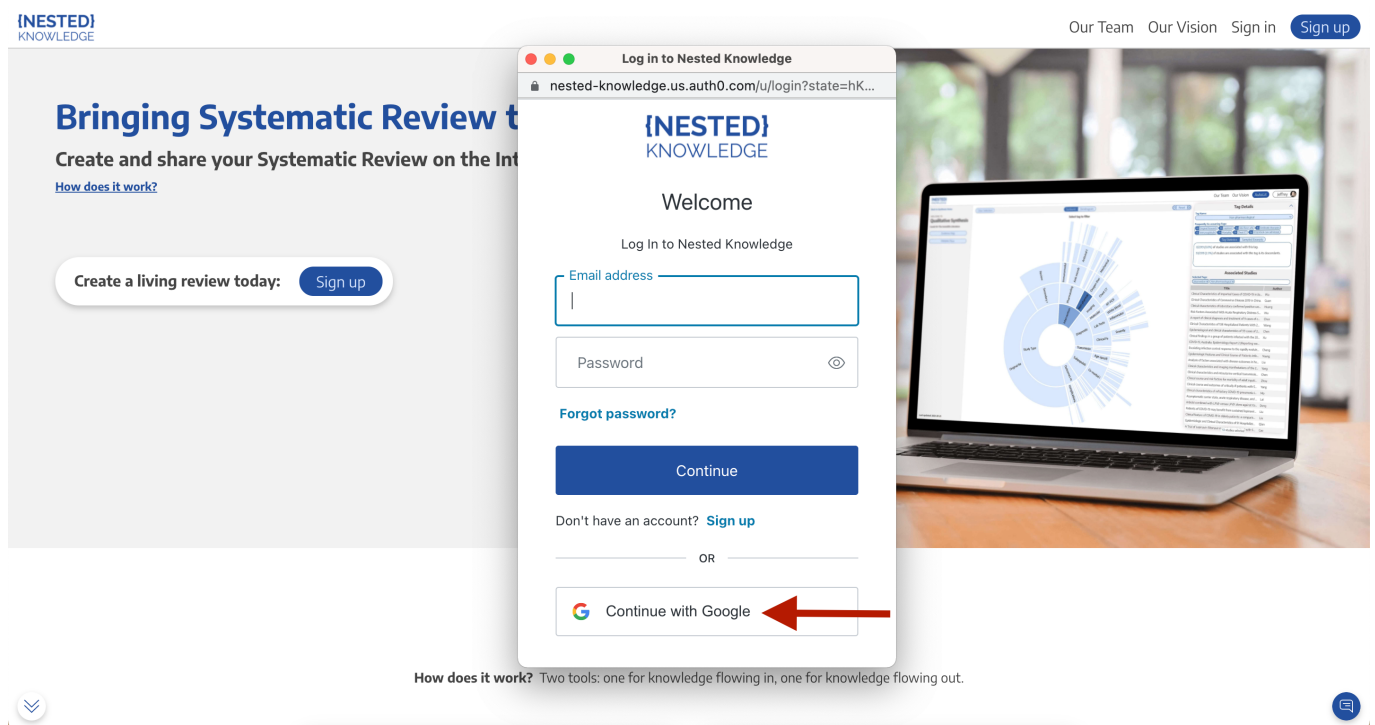

AutoLit + Synthesis

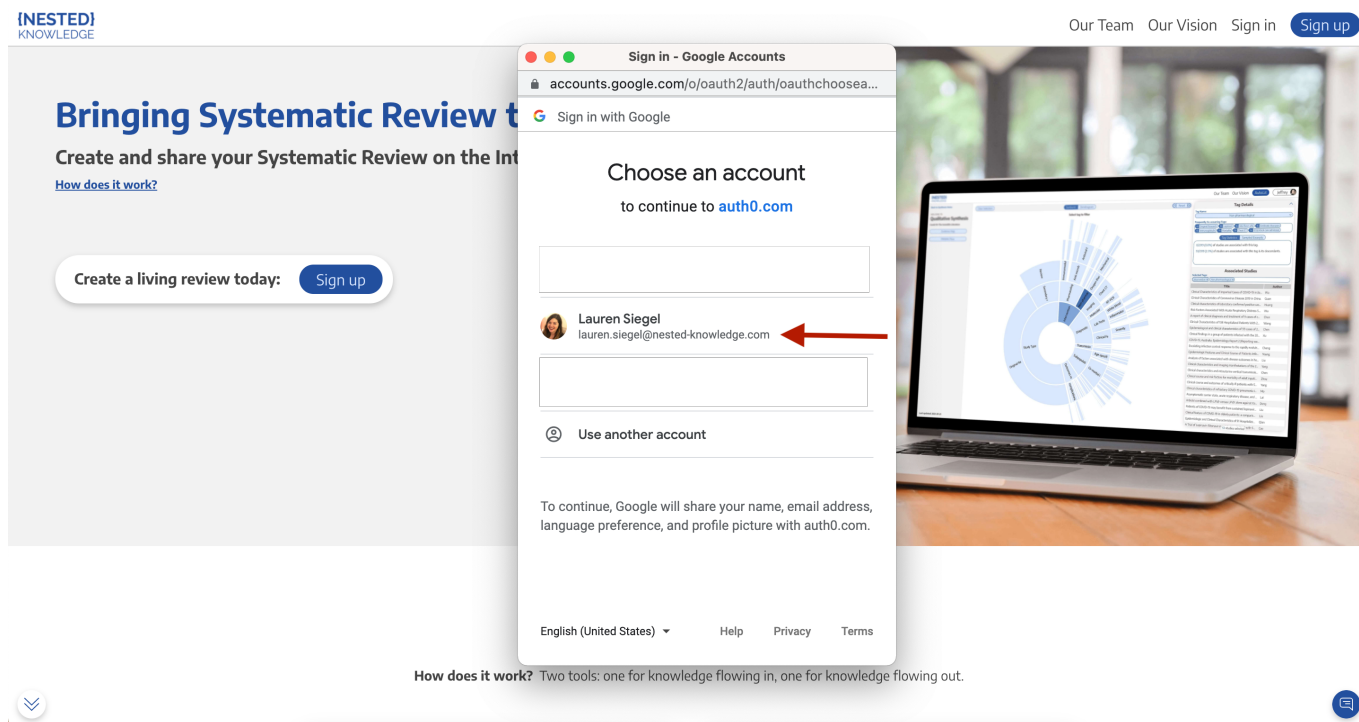

How does it work? Two tools: one for knowledge flowing in, one for knowledge flowing out.

Select method of sign-in:

- If you signed up using your Google/GMail credentials, Click “Continue with Google”
- If you signed up using credentials you entered yourself, enter your email and password and click “Continue”

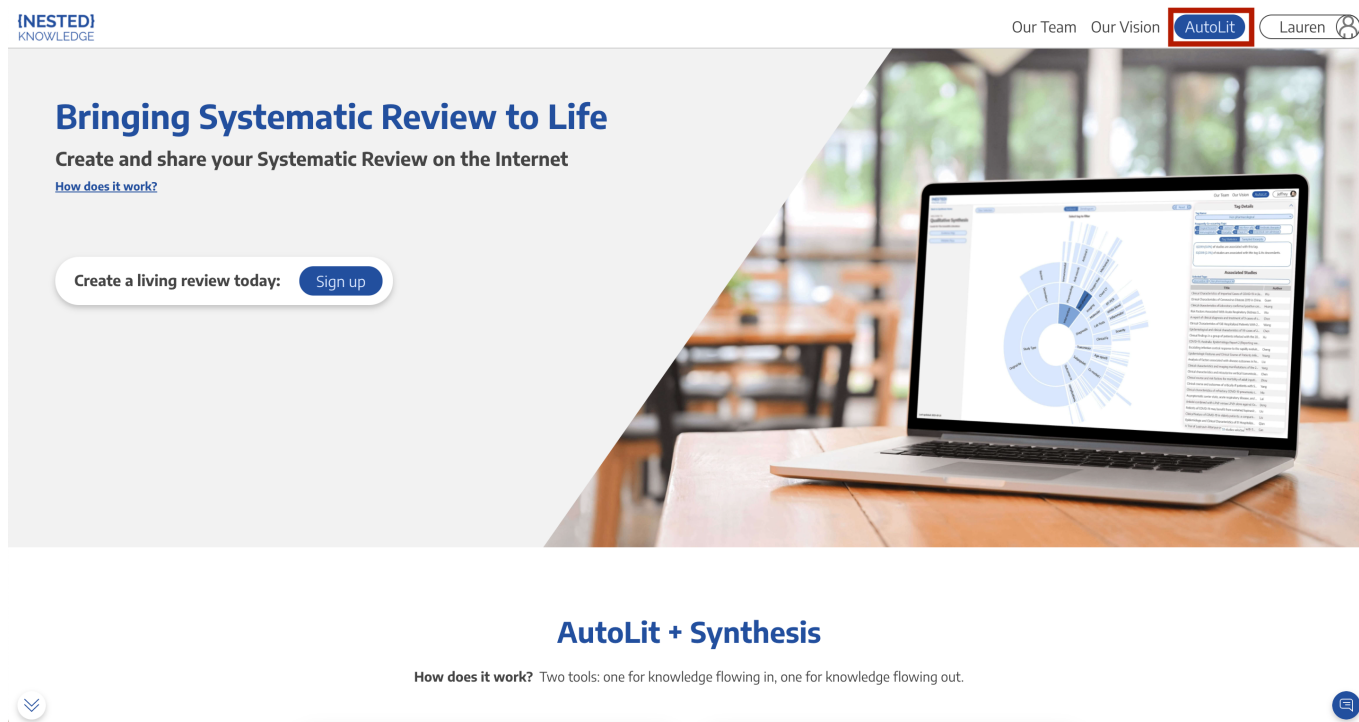

Choose the account you used to create your NK account.

Once you have selected your account, the page will automatically sign you in.

2. Navigate to AutoLit

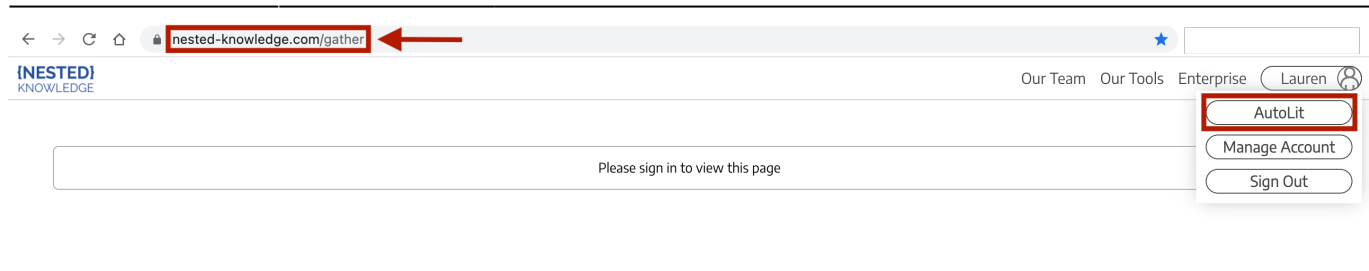

Next to your name, click the “AutoLit” button

You can also go to <https://nested-knowledge.com/gather> to access AutoLit.
