

Accessibility

Nested Knowledge's AutoLit review platform is free to use by institutional-affiliated users for non-commercial purposes.

Keyboard Access

- Our [Study Inspector](#) tool allows you to filter studies based on inclusion status and title/abstract by typing
- When [Screening](#), you can add exclusion reasons on the fly by typing.
- In [Extraction](#), you can add new tags on the fly by typing in the dropdown area.

Text Resizing

To increase the text size, click the keys CTRL and + (for PC users) or COMMAND and + (for Mac users).

Color

- Abstract highlighting is visible with inverted colors.
- No graphics rely solely on the use of colors to convey information.

Writing

Our [Manuscript Editor](#) is built on a [Text Editor](#) that supports screen readers and bidirectional text.
