

PRISMA Chart

Nested Knowledge creates a convenient PRISMA flowchart for publication use. It will summarize the number of articles that were screened and fulfilled the search criteria.

What is PRISMA?

PRISMA is a set of [guidelines for systematic review and meta-analysis](#) released by the [EQUATOR Network](#).

These guidelines cover the entire review process, and the [PRISMA checklist](#) can be used to ensure completion of key review activities. One key requirement is the generation of a **PRISMA Chart**, which shows the flow of records from their initial search/import through to presentation.

PRISMA Chart Contents

The Nested Knowledge software automatically generates a PRISMA chart that meets the 2020 PRISMA guidelines. This chart displays the flow of records in the following manner:
